

ARCHANGEL
CONTRACTING SERVICES

Welcome to the Team

Family-owned. Women-led. Built on relationships.

Thank you for choosing to work with Archangel Contracting Services. You're joining a team that property managers across Texas trust to turn their units quickly, cleanly, and right the first time — and the moment you carry our name onto a property, you're part of something we've poured our hearts into.

We're a **women-owned, family-owned** company with a builder's work ethic and a **tech-forward, innovative** mindset. We pair real craftsmanship with smart technology, so jobs move faster, communication stays clear, and nothing slips through the cracks. But what we're proudest of isn't the tools — it's the people. We believe great work is built on great relationships.

We don't just turn units — we build relationships that last.
